Hi Brian and Mindy,

I have lost track on whether I sent this up for your review. My bad.

In any case, here is the most recent AB for 404g. This is not only a living document--so it is fine to continue refining it--the attached version is actually the shortened version. Readers Digest version. In any case, please send your comments and edits to Kathy and cc me, please.

I'd like to share this with John, when you deem appropriate, but it's not something that needs to be super-refined. It's our planning document. As we get feedback and the project evolves, it will be altered and updated.

Mike

All

Please find enclosed the final Blueprint. Thanks everyone for their final comments, and especially Joe for doing a careful read and copy edit.

The next call, given the doodle poll, will be **August 22, Wednesday, 12 noon EDT**. I'll send around a calendar invite. We'll soon if John had any feedback on the document and talk about next steps for moving toward options development and the outlines of stakeholder outreach in later October.

Hi folks-

Passing along the recent memo (pdf) that was signed by the ASA to Army Corps, as well as the various press materials that were part of the roll out today (at 9:30 am EST). While this was just sent to the wetland program managers, we wanted to make sure you all have it too. Apologies if you've already received this.

Ruth

Subject: CWA 404g FINAL press release and Memo

Hi Wetland Program Managers,

Attached is the recent memo (pdf) that was signed by the ASA to Army Corps, as well as the various press materials that were part of the roll out today (at 9:30 am EST). OW's comms people should have distributed materials to Regional comms folks but just in case, here is the full set of Army materials for the roll out.

The Army also supposedly distributed the memo to the advisory committee members, but it's not clear that they actually got the information, so I will see that they get a copy of the memo.

The long and short of it is the Army used the advice we had gotten from the advisory committee and incorporated much of it into this policy memo.

We wanted to get this out to you as soon as we could, so we can discuss more at another time.

All my best,

Michael
